NUTRITION

Michael Fish (not the weatherman) of Science in Sport gave us a talk and also some free samples of his firms products. Very tasty, but I didn't go any faster. Not as effective as a pint of Banks though, in my opinion.

CYCLO CROSS

Our last open event of the season sponsored by Fred Williams went off well, organised by Dave Cunningham and Andy Jones.

The visiting riders said how they had enjoyed the sporting course and were looking forward to the next event.

END TO END

There are two people in the club who are about to attempt the well tried and tested ride. David Starkey of Carver fame in April and the intrepid Rosemary Churton (nee Almond) on June 23rd. Having a rest from Audax, she is riding in aid of a charity. Rose will be accompanied by Ex Ladies Champion Joy Potts. Riding 71 miles a day on the CTC route to complete in 14 days. Donations gratefully received. (see notice board) for subscription list.

Brian Bonnick ex. trophies sec. has now moved down to the pretty village of Bishops Cleeve, mainly to be near his family. We shall miss him helping out on the week end club runs and encouraging the youth members.

SUBS The club now has well over a hundred paid up members and cannot exist without subscriptions. There are still a few people who need politely reminding. It would make life much easier for our hard working Membership Secretary Gordon Jones, if they popped him a cheque or cash as soon as possible.

OUR RIDERS ARE PERFORMING EXCEPTIONALLY WELL THIS YEAR

mainly due to an early Winter start in training both on the track and road, many in the top ten. I would love to put all their names and performances in this news sheet, but do not have the space. However most results and future events can now be viewed on the notice board, internet or Email, if you have a PC. Or at the local library.

The club will be opening a new website shortly.
